Slowcoach

Hurry up, slowcoach. Get a move on. We haven't got all day. Stop dawdling. Stop dolly daydreaming. Hurry up. Get a move on. We haven't got all day. You're holding everyone else up. Everyone else is ready. Get a move on. Get a move on. You're always last. You're always behind. You ought to get yourself a bit more organised. Hurry up. We can't wait around all day for a slowcoach like you.

Ahead of schedule, for a change. No need to chase. No need to bully. First in line this time. First in line to die. Ahead of schedule. Leaving you behind.
